GLASS JAR

Glass Jar is a premium glass concentrate jar with a child resistant cap. With a capacity of 5ml 9ml, these glass jars are perfect for 1 to 3 grams of concentrate. This jar is in the shape of a qube but the interior space is circular - no corners! Also known as Shatter containers, oil containers, and wax containers; simply push down and twist off the upper cap and store your medications.

High Borosilicate Glass

-  Food grade glass jar with optional disc for packaging cream, lotion, CBD wax etc.

Child-resistant Top

-  Childproof cap available for square or round glass jars. Contact us to check stock!

Custom Manufacture

-  Custom logo service available. Just tell us what you need!

Capacity: 5ml/5g, 9ml/9g

Feature:

1. **High Quality:** Each jar is made from fine quality glass that resists cracking, breaking, or warping. In the world of health and beauty aids, free samples are essential.
2. **Lightweight and Compact:** Compact size allows them to go anywhere. These jars fit seamlessly in your pocket, purse, handbag, back pack, or luggage. They are especially valuable when flying as bottle sizes for carry-on creams and lotions are greatly restricted. Great for Professional or Personal Use.
3. **Wide Applications:** They can be used for mixing or sampling cosmetics such as mineralized makeup, eye shadows, lotions, lip balms, toners, creams, ointments, and acrylic powder. Other uses include: medication, lab and field research samples, earrings and other small jewelry, paints, glitters, and other art supplies.
4. **Not leaking,** each cosmetic pot jars with screw on lids allows them to go anywhere, small jars fit seamlessly in your bag, they are especially valuable when flying.
